CHOOSE BRANDON / SIOUX FALLS

By choosing to work for Marmen Energy in South Dakota, you choose to live in the heart of America. You also opt to live in a dynamic community offering great amenities, services and multiple things to do, all year long...

Brandon, South Dakota, is the largest suburb of Sioux Falls. Located along the Big Sioux River and Split Rock Creek, it is a thriving community of around 9,000 people where the median age is in the low 30s. Sioux Falls, which is only 6 miles from Brandon, is the largest city in South Dakota and has a population of 154,000. The Sioux Falls area offers many hiking and biking trails, picnic shelters, fishing spots, camping sites and a waterfall sightseeing park.

WE WANT TO HAVE YOU ONBOARD.

ABOUT MARMEN ENERGY

Marmen Energy, a family-owned business, is one of North America's largest wind tower manufacturers. Located in Brandon, South Dakota, we are the US subsidiary of Marmen, a highly-regarded sub-contractor for original equipment manufacturers (OEMs) specializing in fabrication, high-precision machining and mechanical assembly for parts of all sizes.

Established in 1972, Marmen provides its services to companies operating in diverse markets, such as wind power, hydropower, steam and gas turbines, oil and gas production, mining, aviation and many more.

OUR STRONG VALUES
